7.08 CGPA

H.S.C
Mahatma Education Society ⧉

2014 – 2016 | New panvel, India
72%

🧠 SKILLS

- HTML | CSS | JAVASCRIPT
- ReactJS | Redux
- Java | PHP

🪪 PROFILE

I am self-motivated and a passionate programmer, always looking for an opportunity to learn and grow.
I love to interact with people and connect with them.
I believe if we don't know something then it is ok but if we don't want to know something then there is a huge problem.

💼 PROFESSIONAL EXPERIENCE

Front End Development
GreyAtom

03/2020 – present | Remote Work

Graphics Designer
Spade EMS

07/2020 – 08/2020 | Remote Work

🗂 PROJECTS

Food4Foodie ⧉
JavaScript, ReactJS, Redux, Firebase

05/2020 – 06/2020

This is an internship project. This application is similar to the swiggy application. Some features of our application are like user can search restaurant as per their nearest location. Users can easily see the list of restaurants near their location. They can filter that list according to ratings, cost. Users can view a specific restaurant menu. After that, they can add items to the cart.

Zomato Replica
HTML5, CSS3

04/2020 – 05/2020

The project is based on web development. In this project, a static website was designed. This project is a Zomato landing page. The website designed is a responsive website. The structure and styling are very close to the Zomato page.

Medi-Store
Html5, Css3, JavaScript, PHP.

03/2020 – 04/2020

Project created for medical stores Which projects the good quality of services. Using this application we can store the medicines data into the database. Add, delete, and update the data of medicine.
